

2010 Racine County Minority Matching Grant Program Guidelines

The Manufacturing Renewal Grant program provides grants for small and medium-sized Racine County-based manufacturing firms with fewer than 200 employees. Qualifying Racine County manufacturers can apply for grants to be used to help underwrite investments in employee skills training, technology implementation projects or production efficiency consulting services. The program's objective is to help participating companies stay in business and continue to retain or create jobs for Racine County residents.

These are 50% matching grants. This means they will reimburse a business for 50% of allowable expenses, up to a maximum of \$2,500. For example, a business with \$4,000 in allowable expenses will receive \$2,000; a business with \$5,000 in allowable expenses will receive \$2,500; and a business with \$6,000 in allowable expenses will receive \$2,500.

Eligibility Requirements:

- 51% racial or ethnic minority ownership
- Must be a for-profit business
- Small to medium size business located in Racine County:
 - Number of employees must be no more than 200
 - Business cannot exceed \$5 million in gross sales averaged over the last 3 fiscal years.
- No more than one grant award per year.
- Presentation of invoices and paid receipts (i.e. cancelled check, credit card statement, etc.) required within 90 days of approval.
- Application must be submitted prior to purchase of goods/services.

Eligible project costs include services and, in certain cases, associated products, such as the following:

- **Training and/or Consulting Services** that will support the company's process or marketing growth strategies.
- **Financial Services**, which may include implementing or updating accounting systems; in some cases, the grant may be used for computer systems and/or software appropriate to the type of business (e.g., Quickbooks, Procare or similar software).
- **Marketing Services**, which may include creating a comprehensive marketing initiative or developing marketing materials such as a website.
- **Business Operation Services**, which may include assessing internal business processes and procedures.
- **Legal Services**, which may include services related to setting up a business structure, merging businesses, or other legal issues pertaining to expanding the business. Filing or otherwise pursuing an action in bankruptcy is not an acceptable use of funds.
- **Information Technology**, which may include services such as database creation or management and office networking and, in some cases, consultant-recommended software.
- **Computer system** – Subject to pre-approval from the Committee, a computer system appropriate to the business may be acquired with grant funds, if acquired through an authorized vendor.

If your business meets the criteria and you are interested, please complete the attached Application Form and submit it to the UW-Parkside Small Business Development Center at the address on the final page of the form.
